TAM leases Saab 340B to Loganair

Örebro, Sweden: Täby Air Maintenance, TAM, have signed a one year dry-lease deal with longstanding partner Loganair for a Saab 340B. The aircraft, msn 167, is in full passenger configuration and was previously operated by Cyprus-based Tus Airways. Currently at TAM's main workshops in Örebro, it will be delivered to Loganair in mid-February.

- I am glad we have been able to support Loganair with this solution, thus reinforcing a long commitment to one of our premier partners, says Pär Gulle, TAM Managing Director.
- This lease-deal, in addition to a notable maintenance order backlog and our recent Saab 340 cargo conversion orders, will strengthen us and enable enhanced customer offerings.
- We are constantly consolidating our position as the globally leading Saab 340/Saab 2000 service partner, an ambition underlined by the fact we are planning for additional capacity as well as expanding our workforce, Pär Gulle summarizes.

About TAM:

TAM is a major, independent aircraft support and maintenance company, based in Örebro, 200 km west of Stockholm, Sweden. Having been in operation since 1989, TAM has over the years accumulated a vast experience in general support, maintenance and overhaul of small to medium sized airliners and freighters, with a focus on the Saab 340/Saab 2000 family of regional aircraft. Having all the necessary approvals, including EASA Part 145 and FAA Repair Station, TAM is ideally suited to support any operation with tailor-made maintenance and overhaul.
